Nano Hand Sanitizer

Medical-grade hand sanitizer for use in hospitals, veterinary offices, restaurants, and other places where hand sanitizer is used frequently throughout the day. Nano Hand Sanitizer is perfect for use when soap and water are not available.

Nano Hand Sanitizer contains 80% alcohol exceeding the CDC's recommendation for alcohol-based hand sanitizers. Our formulas follows the latest FDA guidelines and are available in both sprayable liquid and gel formulas.

Nano Hand Sanitizer also contains emollients to keep your skin from drying out. Emollients penetrate deep into the skin adding moisture leaving hands a soft and supple.

Directions

Fast-n-easy to use

1. Spray or place an almond sized dollop of product onto palm of hand.
2. Rub hands together and spread the sanitizer over the entire surface of your hands.
3. Continue rubbing until your hands are dry.
